WE ADVERTISE THE WORLD OVER

F. C. LOWES & CO.

This Feeding Floor Could Built in The Fall

and it would help greatly to preserve the condition of your live stock in the Spring.

Every farmer knows that in the Spring of the year his barnyard is almost bottomies. The live stock mire down into the mud and almost float around—greatly to the detriment of their physical condition.

By building a Concrete feeding floor in the yard, this trouble is done away with. A Feeding Floor of comparatively small

for a Copy of This Booklet To-Day

area and built this Fall, would pay for listelf next year. Concrete is the only material that can be used in this way at a moderate cost.

Will you ask for your copy of the book which we have prepared for you—"What He Farmer Can Do With Concrete"? It's free—and, take our word for given the concrete of the most interesting pieces of such literature you ever read. And profishle, too—because it will save you money.

"He gave His only begotten Son."

The world stands upon the threshold of that season of the year when the thought of the world and all other odors are threshold of that season of the year when the thought of sweetness. Believers and unchristendom instinctively turns to the most gladsome day in spirit of that doctrine of simple love and humanity, and it is rapidly becoming the sheet inche of the whole world, the test of evilization.

the annals of recovered time, the beautiful of the whole world, the world. We may not be able without finite understanding to compress the world of the whole world, the stored the people from the send the height of the people from the earliest forth from the mind of the Indition of the continuous states of the people from the earliest dead with the comprehended greater. For once, at least in the taken into the mouth with some degree of sincerity in all ministrakable import: "For God so loved the world, that He language the state of the people from the proposed that who seever believeth on Him Indian the principle of the world that He language the state of the people of the world with the motive and the reason are with the energing of the world from the theory when the state of the people with the thour when the Star of the theory when the state of the theory when the state of the theory when the state of the state of the theory when the state of the
